

Dear Parents and Carers,

Ramadan Mubarak

If you are celebrating Ramadan, we wish you Ramadan Mubarak at this special time for you and your family. We recognise that many pupils may wish to fast, and respect this wish for pupils in Years 5 and 6. If your child is in Year 3 or 4 and would like to fast, please can parents inform their child's teacher first.

School is open next week!

Please remember that our school is **open next week**. Our last day of school is **Thursday** (14th April). We return to school on Monday 25th April.

After school clubs

You should have received a letter yesterday with all the clubs on offer to Years 1-6 after the holidays. Please make sure your child returns the slip by Monday at the latest so that we can let you know before Easter which clubs your child has a place at.

Year 2 Space Dome

Year 2 had an amazing time with the Space Dome on Wednesday, and experienced what it would be like to fly through space.

We hope you have a great weekend!

Mr Elcock (Deputy Head)

We are now beginning to hold Celebration Collective Worship (Assemblies) on Friday mornings. We hope that in a few weeks we will, once again, be able to invite parents to join us in celebrating our pupils' achievements. We will let you know when this will happen. Well done to all our Superstars below...

What Parents Need to Know about SQUID GAME

AGE RESTRICTION
15+
Suitable only for 15 years and over.

With themes of horror and violence, it's important for parents and carers to understand the potential risks posed to young audiences by the nine-episode Netflix-exclusive TV show, Squid Game. The series, rated 15+, is about a world where contestants who are deeply in debt play children's games in order to win cash prizes. The losers, however, are violently killed. The show's popularity has meant it has spread in various guises across online platforms, with a heightened risk of children and young people potentially viewing unsuitable content. That's why we've created this guide to help parents and carers understand exactly what Squid Game is all about.

INAPPROPRIATE CONTENT

Some might argue that Squid Game contains content that might not even be suitable for older teens, let alone young children. Characters are brutally tortured and killed through stabbings or getting shot as a result of rules developed and enforced by a masked game master. The show also features sexual content and threats of sexual violence, as well as a strong theme of gambling that runs throughout the whole show.

APPEAL TO YOUNG PEOPLE

Whilst the content is very much adult-themed, some features of the show seem to appeal to young children at face-value. The name "Squid Game" may be interpreted as a programme aimed at children rather than adults. The content itself, such as the bright and childish aesthetics, may also appeal to young children, particularly as there's a focus on playground games to go with it.

SIMILAR CONTENT SUGGESTIONS

When using social media and streaming sites, content is recommended based on what is the user has consumed i.e. what they have watched or searched for. Therefore, there is a greater chance of your child being exposed to similar violent or horror-themed content on social media after watching a show like Squid Game.

VIRAL SPIN-OFFS

As well as Netflix, Squid Game has grown in notoriety and prevalence on other platforms, like TikTok and YouTube, with clips of the show going viral. On YouTube Kids, a number of successful channels have taken advantage of the Squid Game trend, creating content such as "How to Draw Squid Game Characters" videos. Its popularity has also led to the creation of app games that put the player in the role of a contestant who is killed if they lose a game.

SCENE RE-ENACTMENTS

Squid Game's pervasive presence on social media has encouraged many content creators to re-enact scenes from the show, which has led to reports of children wanting to also imitate those scenes displayed on social media at home and in school. Much of this content stems from the "Red Light, Green Light" game from the first episode, where contestants attempt to make it past a giant animatronic girl before she shoots them.

Advice for Parents & Carers

USE PARENTAL CONTROLS

Netflix has easily accessible built-in parental controls that allow you to set up a profile for your child with a specific age rating, block them from watching certain shows and even lock their account so it can't be accessed by anyone else. Netflix also allows you to access your child's viewing history to make sure they're not watching anything inappropriate for their age.

CHECK AGE RATINGS

Age ratings on TV shows and films are a way to gauge what is suitable for audiences of different ages. If you are unsure about the content your child is watching, check the age rating to see if the TV show or film is deemed suitable for their age group. If not, try watching the show yourself or talking to other parents who have seen it before to get a better understanding of why it's been rated a certain way.

MONITOR ONLINE ACTIVITY

Squid Game has become a social media craze and it's possible your child will see some content related to the show on various platforms. Therefore, it's important to be aware of which websites your child has visited on their smartphone, tablet or laptop, and to also keep an eye out for which accounts they are following on social media platforms, such as Instagram and TikTok.

HAVE OPEN CONVERSATIONS

Making sure your child is comfortable telling you about what they see online can go a long way to ensuring you are kept in the loop about their online use. Showing an interest in what your child is doing online gives you the opportunity to discuss what is and is not appropriate for their age group, and how they might recognise their own feelings towards content they see.

MONITOR BEHAVIOUR

Due to the viral nature of the show, even if your child has not seen Squid Game, it's important to keep an eye on their behaviour. There have been reports from schools of children "playing Squid Game" in the playground and acting aggressively towards the losers as a way to replicate the consequences of losing in the TV show. Viewing content that makes your child feel uncomfortable could also cause them to feel distressed or distracted, so it's important you can easily spot the signs.

WATCH THE SHOW

If you're trying to figure out whether you should let your child watch Squid Game, it might be a good idea to watch the show yourself first. Doing so will allow you to get a better understanding of the show's content and themes, as well as help you decide if this is something you'd feel comfortable with your child being exposed to.
